WORK EXPERIENCE

Senior Software Developer | VOCPhone

Nov 2021 – Present

36 Ricketty St, Mascot NSW 2020, Australia (Remote)

- Involved in programming and development to ensure the successful implementation of programs that align with user stories.
- Involved in implementing AI functionalities.
- Drawing upon my expertise in technologies/tools such as Laravel, JavaScript, Vue.js (versions 2 and 3), TypeScript, SASS, C#, HTML, CSS, Python, PHP, and Node.js, I have the ability to create solutions that are functional and optimized.

Software Developer | Webinarinc

Mar 2021 – Nov 2021

Remote | Pasadena, CA, USA

- Maintained large-scale systems and projects, covering both the frontend and back-end.
- Created and built web applications and websites.
- Worked with technologies like Laravel, Vue.js, JavaScript, TypeScript, SASS, HTML, and CSS.

Software Developer | UTalk Philippines

Aug 2019 – Apr 2021

Abanao Square, Baguio City, Philippines

- Maintained systems and services to lower the rate of system errors or bugs.
- Managed and created front-end and back-end codes and programs.
- Engaged in different kinds of frameworks and tools like Vue.js, AngularJS, Codelgniter, Lumen/Laravel, MySQL, MongoDB, JavaScript, PHP, and Ruby on Rails.

Web Developer | Dap-ayan Eatery La Trinidad Benguet

Aug 2018 – May 2019

La Trinidad, Benguet, Philippines

- Completed an On-the-Job Training program focused on developing a restaurant order management system using PHP and JavaScript.

- Assisted in building features for managing customer orders, menu items, and order status tracking.
- Gained hands-on experience in web development, database handling, user interface design, and improving workflow efficiency for restaurant operations.
- Strengthened practical skills in software development, problem-solving, and working on a real-world application.

UI Designer & Web Programmer (OJT) | ILearn Skills Development Academy

Aug 2018 – Dec 2018

La Trinidad, Benguet, Philippines

- Hands-on experience in design-oriented work, including creating simple magazine layouts and visual materials using Adobe Photoshop and Adobe Illustrator.
- Experienced in video editing using Adobe Premiere Pro.
- Involved in web programming with a focus on developing logical solutions and implementing functionality using JavaScript and PHP.
- Combined design, video editing, and programming skills to contribute to projects that are both visually appealing and functional, helping create better digital and web-based experiences.

EDUCATION

Bachelor of Science in Information Technology

Aug 2016 – May 2019

Kings College of The Philippines | Majored in Web Technology and Project Management
